The Alexander Group Names Pamela Kutner as Managing Director

Company Expands Leadership Team and Aligns Organization for Future Growth

HOUSTON — The Alexander Group is pleased to announce the promotion of Director Pamela Kutner to Managing Director.

Managing Director John Lamar said, “Ms. Kutner brings a commitment to client excellence, a reputation for effective management and team-building, and a first class operational and finance background, all of which will support our continued growth as a diversified professional services firm.”

In her new role, Kutner will serve on the firm’s executive committee and lead its research team, in addition to her recruiting and client-management responsibilities.

Kutner has more than 20 years of accounting, operations, finance, administrative and executive search experience. From 1999 until 2010, she directed the firm’s finance and administration, and managed its research team. Prior to joining The Alexander Group, Kutner was an auditor for PricewaterhouseCoopers and held financial positions in the insurance and life sciences industries.

After a brief departure in 2010, serving as executive director at Congregation Emanu El, one of the nation’s largest reform synagogues, Kutner returned to The Alexander Group in 2012 as a director and senior executive recruiter.

Kutner earned a bachelor’s degree in business administration from the University of Massachusetts at Amherst, and is a certified public accountant in New York and Texas.

The Alexander Group is a global leader in C-suite executive and board searches for public companies, not-for-profits and multi-national professional organizations, and for more than 30 years has built and sustained a world-class reputation for excellence, with offices in Houston, London, New York, Park City, San Diego and San Francisco.
